**JUNK VEHICLE DISPOSAL ASSISTANCE PROGRAM**  
**ELIGIBILITY REQUIREMENTS AND INSTRUCTIONS**

The Junk Vehicle Disposal Assistance Program (JVDAP) assists residents to dispose of their junk vehicles legally and properly. This program is funded by a portion of vehicle owner registration fees and will be continued until funding is no longer available. Registered owners may dispose of two vehicles per calendar year.

Please review carefully. If any of these criteria are not met, the metals recycling facility may charge you for disposal or refuse the vehicle. Vehicles that are refused and then abandoned at the site will be deemed as “Derelict” and will be disposed of at the owner’s expense, according to regular procedures.

**Registered Owner Eligibility:**

- The vehicles registered by **residents in County of Maui**. Vehicles for residential use only, no commercial vehicles will be accepted.
- **Registered owners may dispose of two vehicles per calendar year**. The facility will keep a log of all registered owners who participate in this program.
- Registered owners must be present to **submit all documentation** at the time of vehicle delivery, even if the vehicle is being towed there.

**Title Requirements:**

- The vehicle title must be in the same name as the identification presented to the metals recycling facility.
- If there is more than one name on the title, all named must be present when presenting the vehicle to the metals recycling facility. If all named on title cannot be present, call the AVM Office at 808-270-6102.

**Vehicle Eligibility:**

- Vehicles must be **regular passenger vehicles, pick-up trucks, or vans up to 3 tons**, at the discretion of the facility. Heavy equipment, mini-buses, and generally any vehicle over 3 tons are not eligible for this program.
- **NO camper shells** that can be detached from the vehicle will be accepted. Camper shells must be removed from vehicle or the facility may charge.
- Vehicle can have **up to five (5) tires** mounted or within the vehicle and no more. More than 5 tires will be charged or refused.
- Vehicle must be **clean and clear** of household trash, hazardous waste, extra tires, or any other excessive waste items. Determination of “excessive waste” will be made at the discretion of the recycling facility.

- Vehicles can be “wet” (containing fluids) or “dry” (fluids drained); operational or non-operational; and with parts removed or not.
- Electric or hybrid-electric vehicles are eligible. The metals recycling facility will accept electric and hybrid cars with electric batteries.

### INSTRUCTIONS

1. You must meet all eligibility and title junking requirements before delivering your vehicle to the metals recycling facility. *If your vehicle is not eligible, you may be charged or your vehicle may be refused by the facility.*

2. Ensure you have a **valid government issued photo identification**, which must match name on title. If delivering the vehicle on behalf of a family member (such as a father who is deceased or a relative that is physically unable), for further information, please call the Abandoned Vehicle and Metals Office at (808) 270-6102, prior to delivering the vehicle to the metals recycling facility.

3. Complete, sign, and date the “**JVDAP Intake Form.**” This form can be found on our webpage at: [www.mauicounty.gov/avm](http://www.mauicounty.gov/avm) or contact our office to have the form mailed or emailed to you.

4. Make sure you have all the correct documentation and that you meet all the eligibility requirement. Please reference the checklist below:

#### **What to bring when you take your vehicle to Hammerhead Metals Recycling:**

- Valid government issued photo ID**
- Vehicle’s original title (see pages 1-2 of the JVDAP Eligibility Requirements, Title Requirements section)**
- Current or expired vehicle registration (if you have, although not required)**
- Vehicle’s license plates**
- JVDAP Intake Form completed, signed and dated**
- DMVL documents, if applicable**

5. Deliver your vehicle to *Hammerhead Metals Recycling* located at Central Maui Baseyard. Call ahead for hours and instructions. **You must be present at time of delivery** to submit all documents.
