SOURCE OF LEGAL AUTHORITY

- Revised Charter of the County of Maui (1983), as amended
- Rules of Practice and Procedure of the Board of Variances and Appeals
- Maui County Code (MCC)

VARIANCE STANDARDS (MCC, TITLES 12, 16, 18 & 19)

Variances from the provisions of **MCC, Title 12 (Streets, Sidewalks & Public Places)** shall be granted if the Board of Variances and Appeals (Board) finds the following:

1. The exception or variance desired arises from peculiar physical conditions not ordinarily found in most districts or because of the peculiarity of a business;
2. The exception or variance desired is not against the interest, safety, convenience, and general welfare of the public;
3. The granting of the permit for the exception or variance will not adversely affect the rights of adjacent property owners or tenants;
4. The strict application of the terms of this chapter will work unnecessary hardship and practical difficulty on the property owner or tenant.

Variances from the provisions of **MCC, Title 16 (Buildings and Construction)** shall be granted if the Board finds the following:

1. That the strict application, operation, or enforcement of the code provision or provisions appealed from would result in practical difficulty or unnecessary hardship to the applicant;
2. That the granting of the variance shall not be detrimental to the public health, safety, or welfare;
3. That the granting of the variance would not be injurious to the adjoining lots and the buildings thereon;
4. That the granting of the variance would not be contrary to the purposes of this code and the public interest.

Variances from the provisions of **MCC, Title 18 (Subdivisions)** shall be granted if the Board finds the following:

1. That there are special geographical or physical circumstances or conditions affecting the property that are not common to all property in the area;
2. That the variance is necessary for the preservation and enjoyment of a substantial property right of the petitioner and extraordinary hardship would result from strict compliance with the provisions of this title because of the special geographical or physical circumstances or conditions affecting the property;

3. That the special geographical or physical circumstances or conditions affecting the property are not the result of previous actions pertaining to the subdivision;
4. That the granting of the variance shall not be detrimental to the public's health safety, or welfare or injurious to other property in the vicinity of said property;
5. That the said property has obtained an appropriate zoning designation, provided that for purposes of this chapter, districts with interim zoning shall not be considered an appropriate zoning.

Variances from the provisions of **MCC, Title 19 (Interim Zoning Provision)** shall be granted if the Board finds the following:

1. Strict enforcement of any provisions of this article would involve practical difficulty or unnecessary hardship;
2. Desirable relief may be granted without being detrimental to the public interest, convenience and welfare.

If a variance is sought to change one nonconforming use to another nonconforming use, where the structure and/or lot area are not structurally altered or enlarged, the provisions as to notice and hearing may be waived at the Board's discretion.

Variances from the provisions of **MCC, Title 19 (Comprehensive Zoning Provisions)** may be granted by Board, should the Board find that due to the particular physical surroundings, shape or topographical condition of the subject property, compliance to the provisions of Title 19 would result in hardship to the owner which is not mere inconvenience or economic hardship on the applicant. The Board shall grant a variance if the Board finds the following:

1. There is an exceptional, unique or unusual physical or geographical condition existing on the subject property which is not generally prevalent in the neighborhood or surrounding area and the use sought to be authorized by the variance will not alter the essential character of the neighborhood;
2. Strict compliance with the applicable provisions of this title would prevent reasonable use of the subject property;
3. The conditions creating a hardship were not the result of previous action by the applicant.
